Parks and Recreation Department
Directors Report
August 15 – September 15

Parks

- ***Nicotine-Free Parks...surveys are now out. We will wait to see what the data shows before a recommendation is made from Park and Rec Board.***
- ***Trail Lighting at Sauter Park is moving along nicely. Public Works staff are waiting for the anchor bolts and face plates for the bases so they can be installed before the poles come in. The poles and fixtures are scheduled to arrive 10/30/2015.***

Sports

- ***Fall Flag Football has 12 teams playing this fall totaling 110 kids. This is the first year we have offered 5th-6th Grade Flag Football and we have created two teams for this age group. Lisbon was not able to have any teams in the 3-4 Grade and 5-6 Grade and we allowed those kids that registered to participate in our teams.***
- ***Fall Soccer has 15 teams and 192 kids enrolled.***
- ***The Free Football Camp we hosted on Aug 22nd was extremely popular. 55 kids enrolled in the camp and were led by ex-Hawkeyes Tyler Blum and Matt Kroul. Both coaches did an outstanding job.***
- ***We are experiencing some difficulty scheduling MV Community School gym space unlike we have in the past. School sports teams are causing us to consider creative scheduling that could impact our participation numbers in the future.***

Michael Beimer, City Administrator
Douglas Shannon, Chief of Police

Jim Moore, Mayor

Council:

Jamie Hampton
Marianne Taylor
Francesca Thompson
Eric Roudabush
Richard Peters

Pool

- ***The Annual Dog Swim, to benefit the Nancy Doreen Huffman Dog Park, brought a total of 55 dogs and \$355 was raised on September 8th. This event was held from 3:30-6:30pm. A huge thank you goes to Sarah Fried and other Dog Park Committee members for organizing the event.***
- ***Roto Rooter televised the pool water lines / pipes on Sept 15th and discovered no significant leaks or concerns.***
- ***MV Construction is currently working on patching voids near the deep end drain. Also gutter lines will be pulled up and patched. We believe these are two significant areas where we are experiencing water loss.***
